FSU-4.001 General Human Resource Policies.

Equal Opportunity, Employment, Child Labor and Nepotism.

(1) Equal Opportunity. Florida State University is an equal opportunity employer and educational provider committed to a policy of non-discrimination for any member of the University's community. Discrimination against any individual based on race, creed, color, sex, religion, national origin, age, disability, genetic information, veterans' status, marital status, sexual orientation, gender identity, gender expression, or any other legally protected group status is expressly forbidden.

(2) Employment. This regulation prescribes Human Resources policies for Florida State University Administrative and Professional employees (A&P), Executive Service employees (AEX), University Support Personnel System employees (USPS), Other Personal Services employees (OPS), and Faculty employees (Faculty), unless otherwise exempted from these regulations or inconsistent with an applicable collective bargaining agreement.

(a) Human Resources Programs.

1. The University President, as the Chief Administrative Officer for the University, shall be responsible and accountable for administering the human resources programs for the University. The word "University" includes the Board of Trustees and the word "Chief Administrative Officer" includes the President or lawful designee.

2. The Chief Administrative Officer shall establish and maintain all policies, procedures, and records which are necessary to substantiate compliance with all laws, regulations and rules relating to employment.

3. The University will administer a classification and compensation plan.

(b) University employees are those persons who are lawfully employed by the designated hiring authority, receive financial compensation to perform services for the University, and whose work is directed by the University. The term “employee” does not include volunteers or independent contractors. University employment consists of the following defined categories:

1. A&P: positions assigned administrative and management responsibilities or professional duties at the department/unit or above.

2. AEX: positions assigned executive responsibilities at the division-level or above. Employees in these positions serve at the will of the Chief Administrative Officer and have no expectation of appointment beyond a 60-day notice period. AEX positions report directly to the Chief Administrative Officer or designee.

3. USPS: positions assigned professional, paraprofessional, administrative, clerical, secretarial, technical, skilled crafts, service, or maintenance duties.

4. OPS: at-will, temporary employment.

5. Faculty: positions assigned teaching, research, and/or service responsibilities.

(3) Child Labor. The University must comply with the provisions of the Florida Child Labor Law, Chapter 450, F.S., Part I, in the appointment and employment of minors.

(4) Nepotism.

(a) Employment of individuals that will result in a subordinate-supervisor relationship between relatives is prohibited, unless a specific exemption is requested and approved, in accordance with the Florida State University Employment of Relatives (Nepotism) Policy. *See* 4-OP-C-7-L Employment of Relatives (Nepotism) Policy

(5) Non-Citizens. Before they can be considered for employment, non-citizens must possess sufficient documentation, which permits gainful employment in the United States as determined by the United States Immigration and Naturalization Service.

Specific Authority BOG Regulation 1.001(3) (j), BOG Reg. Procedure July 21, 2005. 42 U.S.C.A. § 2000ff-1 § 2000ff-1. History–New 9-30-75, Formerly 6C2-4.01, Amended 9-24-98, 4-16-03, 3-6-2016, 10-28-2016

FSU-4.0015 Attendance and Leave, Hours of Work Requirements.

(1) The President or designee shall have the authority to determine the use of administrative or other leave for official closings or needs of the University as deemed appropriate.

(2) Faculty, A&P, AEX, and USPS employees are eligible for paid and unpaid leave and holidays.

If determined to be eligible under the FMLA, OPS employees are eligible for unpaid leave.

(3) Each employee is expected to work the number of hours in the employee's established workweek unless on approved leave.

(4) The minimum workweek is 40 hours for full-time employees. Holiday pay and paid leave are not considered overtime and are paid at the employee's regular pay rate. Approved leave will be adjusted to ensure an employee's workweek does not exceed 40 hours.

(5) Compensatory leave shall consist of the following types and will be earned, transferred or paid in accordance with the Florida State University Attendance and Leave Policy (4-OP-C-7-E Attendance and Leave Policy):

(a) Overtime compensatory leave is provided instead of payment for overtime for nonexempt employees at the rate of one-and-one-half times the total hours worked beyond 40 in a workweek.

(b) Straight-time compensatory leave is provided to employees as follows:

1. Straight-time compensatory leave is provided to a USPS exempt employee for work beyond 40 hours in a workweek on an hour-for-hour basis. Extra hours worked beyond 40 hours shall be paid on an hour-for-hour basis no later than the end of the following pay period unless accrued as straight-time compensatory leave.

2. Straight-time compensatory leave is provided on an hour-for-hour basis to compensate nonexempt employees for working more than their scheduled hours during holiday weeks or when certain administrative leaves are taken.

3. Straight-time compensatory leave is provided to exempt A&P and AEX employees when the employee physically worked on a holiday and worked more hours than required in the workweek with a maximum of 8 hours.

(6) An employee shall be paid proportionately for all holidays designated for University employees up to a maximum of 8 hours per holiday day.

(7) Leave shall be accrued while in pay status and shall be credited on the last day of that pay period or, in the case of separation, on the last day the employee is on the payroll.

(8) During approved unpaid leave, an employee may use accrued leave to continue the contributions to benefits and other expenses.

(9) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of an approved leave period. While on paid leave, an employee may not be employed elsewhere unless the requirements for outside activity have been met.

(10) Sick leave accrual for full-time employees shall be as follows with proportionate accrual for less than full-time.

| Hours Accrued Each Pay Period | |
|-------------------------------|----------|
| | Biweekly |
| A&P | 4 |
| AEX | 5 |
| Faculty | 4 |
| USPS | 4 |

(a) Sick leave shall be accrued before use. There is no maximum on the amount of sick leave that can be accrued. Sick leave accrued prior to October 1, 1973, shall be used prior to any sick leave accrued after that date.

(b) Sick leave is authorized for the following purposes:

1. The employee's personal illness, injury, exposure to contagious disease, a condition where the employee is unable to perform assigned duties, or appointments with health care providers.

2. The illness, injury, appointments with health care providers, or death of a member of the employee's immediate family (spouse, grandparents, parents, brothers, sisters, children and grandchildren of both the employee and the employee's spouse).

(c) Notice of absence due to illness, injury, condition, or exposure to a contagious disease shall be given on the first day of absence, except in the case of an extreme emergency.

(d) An individual who resigns from a State of Florida governmental entity and is thereafter employed by the University may transfer up to 240 hours of accrued unused and unpaid sick leave with department approval.

(11) Upon separation from a leave accruing appointment with the University, salaried employees with 10 or more years of combined State of Florida service may be paid 1) for one-eighth of all unused sick leave accrued prior to October 1, 1973, and 2) for one-fourth of unused sick leave up to a lifetime maximum of 480 hours accrued after October 1, 1973. Upon reemployment by the University within 100 days of separation or upon recall by the University within one year after layoff, all unpaid sick leave shall be restored and any sick leave paid at time of separation shall be restored upon repayment. Faculty hired after May 6, 2011 shall not be paid for any unused sick leave. A&P, AEX, and USPS employees hired after October 1, 2015 with less than 10 years of Florida State University Service shall not be paid for any unused sick leave. If an employee separates from University employment due to disability retirement, the employee shall not receive a payout of sick leave. Annual leave for full-time employees shall be as follows with proportionate accrual for less than full-time. Academic year faculty employees (9-month) and Developmental Research School faculty employees

(10-month) shall not accrue annual leave.

| | Biweekly | Year End | Lifetime |
|---------------------|----------|----------|----------|
| Faculty | 6.769 | 352 | 352 |
| A&P | 6.769 | 352 | 352 |

| 61 to 120 | 5 | 240 | 240 |
| Over 120 | 6 | 240 | 240 |

(a) Annual leave shall be accrued prior to use unless annual leave is advanced by the Chief Human Resources Officer or designee.

(b) Employees may accrue annual leave in excess of the year-end maximum during a calendar year. Employees with accrued annual leave in excess of the year-end maximum as of the last pay period of the calendar year, shall have any excess converted to post October 1, 1973 sick leave on an hour-for-hour basis.

(c) An individual who resigns from a State of Florida governmental entity and is thereafter employed by the University may transfer up to 80 hours of accrued, unused, and unpaid annual leave with department approval.

(d) An employee who separates from employment with the University shall be paid for all unused annual leave hours up to the lifetime maximum payout allowed for the pay plan. Upon reemployment by the University within 100 days or upon recall by the University within one year after layoff, all unpaid annual leave may be restored and any annual leave paid at time of separation shall be restored upon repayment. Upon entering into the Deferred Retirement Optional Program (DROP), employees may elect to be paid up to the lifetime maximum payout of their unused annual leave.

(e) Upon transfer from an annual leave-accruing position to a non-leave accruing position, the employee shall be paid up to the lifetime maximum for unused annual leave, unless the employee elects to retain all unused annual leave, for up to two years from separation date. Leave may not be used while an employee is appointed in a non-leave accruing position.

(12) Compulsory leave provisions shall be consistent with the following:

(a) Medical certification by an approved health care provider will be required.

(b) Notice shall be provided to the employee identifying duration of the leave, the conditions for

return to the position, and whether such leave shall count toward FMLA entitlements.

(c) The employee may be allowed to use paid leave during compulsory leave to continue the contributions to benefits and other expenses.

(d) Unless agreed otherwise, an employee shall be employed in the same or similar status upon completion of the approved leave period and upon receipt of medical certification.

(e) Employees who fail to meet the conditions of the compulsory leave or who fail to obtain medical certification and are unable to perform duties may be offered part-time employment, placed on unpaid leave or have such leave extended, requested to resign, or be dismissed for inability to perform the duties of the position.

(13) Employees may be provided with up to 12 workweeks of Family and Medical Leave within a 12 month rolling calendar year measured backward in compliance with the Family and Medical Leave Act (FMLA) of 1993 (Public Law 103-3) and the Final Regulations of the Family and Medical Leave Act of 1993 (29 CFR Part 825). As amended by Section 585 of the National Defense Authorization Act (Public Law 110- 181), employees may be provided with up to 26 workweeks of FMLA. All employees are eligible including OPS employees who have worked at least 12 months (these need not have been consecutive) and who have worked at least 1250 hours in the 12 months prior to the leave. Faculty, A&P, AEX, and USPS employees may use paid leave for an FMLA event coinciding with their FMLA entitlement.

(14) Employees shall be provided with up to six months' unpaid parental leave during which time the employee may use paid leave when the employee becomes a biological or adoptive parent. Parental leave shall begin no sooner than two weeks before the expected date of the child's arrival or upon the child's arrival unless otherwise approved by the Chief Human Resources Officer or designee.

(15) Employees are provided paid administrative leave as follows, which shall not cause the full-time employee to exceed 40 hours during the workweek. Administrative leave is not accrued.

(a) Administrative leave shall be provided to an employee summoned or voluntarily produced by the University as a witness in a matter involving or related to the University. Administrative leave shall not be provided to an employee serving as an expert witness.

(b) Administrative leave for athletic competition in Olympic events shall be provided in accordance with Section 110.118, F.S.

(c) Administrative leave up to two days shall be provided to an employee upon the death of an immediate family member (spouse, grandparents, parents, brothers, sisters, children and grandchildren of both the employee and the employee's spouse).

(d) Administrative leave up to 15 days per year shall be provided to a certified Florida Disaster Volunteer of the American Red Cross called to duty in accordance with Section 110.120, F.S.

(e) With the approval of the Chief Human Resources Officer or designee, an employee under investigation will be placed on administrative leave up to the length of the investigation when in the best interest of the University.

(f) The Chief Human Resources Officer or designee may place an employee on administrative leave between the notice of reduction in pay, suspension, or dismissal and the effective date of such action.

(g) The Chief Human Resources Officer or designee will place an employee on administrative leave when the employee's presence in the workplace may reasonably be suspected of resulting in damage to property or injury to the employee or others.

(h) An employee who has been rated by the United States Department of Veterans Affairs or its predecessor to have incurred a service-connected disability and has been scheduled by the United States Department of Veteran Affairs to be reexamined or treated for the disability shall be granted administrative leave in accordance with Section 110.119, F.S.

(16) In the specific circumstances below, employees may be eligible to earn compensatory leave in accordance with University regulation FSU-40015(5)(b)(2) and are provided paid administrative leave as follows:

(a) Administrative leave for jury duty shall not exceed the number of hours in the employee's normal workday. If jury duty does not require absence for the entire workday, the employee shall return to work immediately upon release by the court.

(b) Administrative leave shall be provided for official emergency closing of University facilities or with prior approval of the Chief Human Resources Officer non-emergency closing of University facilities. Only employees who have an established work schedule on the day(s) of the emergency closing shall be provided administrative leave.

(17) Upon approval by the University President, employees may be granted administrative leave for the closure of University operations.

(18) Military leave and reemployment rights shall be provided to Faculty, A&P, AEX, and USPS employees consistent with Federal and State of Florida laws.

(19) Workers' Compensation benefits for an injury compensable under the Florida Workers' Compensation Law shall be provided consistent with the following:

(a) An employee shall remain in full pay status for a period up to a maximum of 40 hours without being required to use accrued leave credits. If, during that period, the employee receives Workers' Compensation benefits, then the employee shall reimburse the University the amount of the benefits. Such reimbursement shall not include payments for expenses related to medical, surgical, hospital, or nursing treatment or payments of disability losses.

(b) An employee may elect to use paid leave to supplement Workers' Compensation payments up to the employee's regular salary.

(c) The period of paid or unpaid job-related disability leave shall be in accordance with Chapter 440, F.S.

(d) An employee who was injured in the workplace, may be returned to alternate duty consistent with established University policies and procedures.

(e) At the end of the leave period if an employee is unable to return from leave to work full-time and perform the duties of the position, the Chief Human Resources Officer or designee may place the employee on unpaid leave or extend the leave status, request the employee's resignation, or terminate the employee from employment.

(20) Each full-time USPS employee is entitled to one 8-hour personal holiday each year with proportionate accrual for less than full-time. Such personal holiday shall be credited to eligible employees on July 1 of each year to be taken by June 30 of the following year. An employee hired after July 1 will receive the personal holiday upon hire. If the personal holiday is not used by June 30, it will be forfeited. A&P and AEX employees are not eligible for this benefit. Personal holidays may not be transferred to or from the University. Unused personal holidays may not be paid out upon separation from the University.

(21) Leave without pay (LWOP) may be used as necessary on a limited basis. Extended use of LWOP for four to eight consecutive weeks may be subject to evaluation and approval by the Chief Human Resources Officer. Leave without pay lasting for eight weeks or more will require approval of the Chief Human Resources Officer.

FSU-4.011 Affirmative Action Program.

(1) As a federal contractor, the University will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Additionally, the University is required to take affirmative action for women, racial and ethnic minorities, individuals with disabilities, and certain veterans. The premise is that, absent discrimination, the University's workforce will generally reflect the demographics of the qualified labor pool from which the University recruits. Various diagnostic analyses are required to discover potential problems and then

programs to correct or eliminate those potential problems should be implemented. The diagnostic analyses and action-oriented programs are known collectively as an affirmative action program or an AAP.

(2) Administrative organization. The responsibility for implementing the affirmative action program of the University resides with the President. The program requires the understanding, cooperation, and commitment of the entire University community. Because of the unique requirements of an affirmative action program, the President has designated the Human Resources Office of Equal Opportunity and Compliance to coordinate University efforts in this area and to ensure good faith efforts and on-going compliance.

FSU-4.012 Director of Equal Opportunity and Compliance/Chief Diversity Officer

In order to keep the President more keenly aware of the problems, issues, laws, and latest developments in the area of equal opportunity, affirmative action, diversity and non-discrimination and in order to meet the responsibilities for planning, coordinating, and evaluating these programs of the University, the President appointed a Director of Equal Opportunity and Compliance/Chief Diversity Officer. The Director of Equal Opportunity and Compliance/Chief Diversity Officer reports to the Chief Human Resources Officer. Duties of the Director include:

(1) Serving as a resource person, on a regular basis, to the President, Vice Presidents, Executive Officers, and the various University and State University System committees and councils involved with equal opportunity, affirmative action, diversity and non-discrimination.

(2) Planning, recommending, developing, and/or coordinating the procedures to be used in the implementation of the University's affirmative action programs

(3) Reviewing periodically and reporting to the Board of Trustees, President Vice Presidents, and others as appropriate, on the progress made by the various University units regarding their goals and timetables and their elimination and/or revision of policies and practices which have had a disparate impact upon minority group members and women.

Specific Authority BOG Regulation 1.001(3)(j) , Reg. Procedure July 21, 2005 Law Implemented 1001.74(1)(d), (4), (5) New 9-30-75, Amended 11-29-07, tech change 1-2014, Director of Diversity and Compliance changed to Director of Equal Opportunity and Compliance, Formerly 6C2-4.11.

FSU-4.027 The Florida State University Procedures Relating to Faculty Appointments.

(1) The initial responsibility for seeking candidates for authorized faculty positions lies at the departmental level. The field should be thoroughly surveyed to locate those candidates of proven moral character who demonstrate the best academic qualifications compatible with the level of the position. A recommendation for appointment should be made by the department head only after appropriate consideration of the proposed appointment by department members, after consultation with the appropriate representatives of other departments, schools, colleges, or teaching programs to which the work proposed for the particular appointment is substantially related, and after consultation with the principal administrative officer concerned.

(2) When an agreement has been reached regarding the best applicant for the position, the recommendation for appointment is submitted to the Vice President for Faculty Development and Advancement on the prescribed form and with the required supporting information by the principal administrative officer concerned. All understandings, limitations, promises, and the like pertaining to the proposed employment are to be recorded in writing on the standard form or attached to it. Acceptance of such appointment in writing constitutes a legal contract.

(3) The authorization of any position is subject to reconsideration whenever it becomes vacant. When a vacancy occurs or is anticipated the department chairman is expected to report the fact promptly to the principal administrative officer concerned who will ascertain from the Executive Vice President whether the vacancy may be filled, and if it is to be filled, to initiate search for the most highly qualified available candidate for the approved position. No commitment is to be made until the proposed appointment has been approved by the Executive Vice President.

(4) Forms and supporting materials for new academic appointments must be in the office of the Vice President for Faculty Development and Advancement at least two weeks preceding the date the appointment is to become effective.

(5) When the faculty member first reports at the University, his department will request him to complete the necessary payroll form, if the completion has not been accomplished by mail. The forms include the authorization for withholding tax deductions, retirement information, group insurance authorizations, and the loyalty oath required by the State of Florida. State law requires that each new employee of the State be fingerprinted at the time payroll forms are completed.

FSU-4.0395 College of Law Phased Retirement Program.

(1) Eligibility. College of Law faculty who have accrued at least ten years of creditable service in the Florida or Teachers Retirement System or Optional Retirement Program and who are tenured are eligible to participate in the College of Law Phased Retirement Program. A College of Law faculty member at any age after accruing ten years of creditable service may retire from the University and participate in this Program during a six year period ending June 30, 1997. Thereafter, if phased retirement continues to be permitted by the Florida Retirement System, eligibility shall expire not later than one year after the employee's 62nd birthday. Employees who choose to participate must provide written notice during an academic year that they will retire with an effective date to be agreed upon by the employee and the University.

(2) Program Provisions.

(a) All participants must retire and thereby relinquish all rights to tenure.

(b) Upon retirement, the participant will receive payment for any unused annual leave or sick leave to which the participant is entitled.

(c) Participants shall be offered reemployment as a College of Law Service Associate Professor or College of Law Service Professor under an Other Personal Services (OPS) contract by the University for 780 hours in any academic year (.50 FTE), one semester at full pay or two semesters at one-half pay, at a salary proportional to the salary prior to retirement, including an amount comparable to the pre-retirement employer contribution for health and life insurance during the period of reemployment.

(d) The period of reemployment obligation shall extend over five consecutive years, beginning with the academic year next following the date of retirement. If a participant chooses to decline employment for an academic year, the participant shall request a leave of absence without pay for the period of time involved with reasonable notice to the University. The period of reemployment, however, shall not be extended beyond that described above.

(e) The assignment shall begin with the academic year next following the date of retirement and shall be scheduled within one semester of the academic year, unless the participant and the University agree to reemployment for the entire academic year at 0.50 FTE. Participants who are on the Florida Retirement System or Optional Retirement Program must remain off the State payroll for one calendar month following the effective date of retirement in order to validate their retirement, and may be reemployed by the State University System for only 780 hours in the first year after retirement.

(f) Participants shall be credited with five days of paid leave at the beginning of each full-time semester appointment. The leave may be accumulated but shall not be reimbursed as unused leave at the termination of the five-year reemployment period. The leave shall be used in increments of not less than

one-half day (4 hours) when the participant is unable to perform assigned duties as a result of illness or injury to the participant or a member of the participant's immediate family which shall include only the spouse, mother, father, brother, sister, natural, adopted, or step child, or other relative living in the participant's household.

(g) Participants shall receive all across-the-board salary adjustments available to employees in established positions in an amount proportional to their part-time appointment. They shall be eligible for discretionary salary increases on the same basis as such other employees.

(h) Participants shall retain all rights, privileges, and benefits of employment as provided by law, rules, and University policies. During the period of reemployment, participants are to be treated as tenured faculty members for the purposes of Layoff. The participant is entitled to an allocable portion of funds normally made available to faculty for research assistants if he or she is maintaining an active research program, and for travel, books and photocopying services.

(i) Office assignments within the College of Law shall be made at the discretion of the Dean. In all likelihood the participant will have to vacate his or her office to provide space for a new faculty member; however, office space will be made available to the participant when he or she has teaching responsibilities.

(j) While under policy of the Faculty Senate participants are to be given the same opportunities to participate in faculty activities as regular non-tenured faculty members have, a participant would not be required to attend faculty meetings or serve on University committees but would be entitled to vote as a regular faculty member on any issues in which non-tenured faculty members are eligible to vote.

(k) The decision to participate in the College of Law Phased Retirement Program is irrevocable.

(l) At the conclusion of the five year period of reemployment and upon the permanent retirement of the faculty member from the College of Law Phased Retirement Program, the faculty member, at the discretion of the Dean, may be reemployed as an adjunct employee on a year-to-year basis as permitted by Board of Governors rules.

(m) Recommendation for Emeritus Status shall not be considered for faculty members until retirement from the College of Law Phased Retirement Program.

Specific Authority BOG Regulation 1.001(3)(j) , Reg. Procedure July 21, 2005 Law Implemented 121.091(9)(b)5., 240.227(1), (5), 240.227(19) FS. History--New 10-10-91, Technical Change 2-4-24

FSU-4.062 Research Institutes, Centers and Facilities.

(1) Definitions.

(a) Research Institutes are connected with two or more departments (involving one or more schools or colleges). Both the establishment of the institute and the appointment of its director must be approved by the Board of Governors. Institutes may function as an umbrella for one or more research centers. Institutes are reasonably permanent, formally organized units. Institutes may not grant degrees.

(b) Research Centers do not require Board of Governors approval. Their immediate administration may be by an individual or group of individuals. Centers are more flexible, and probably more temporary, than are institutes. Centers, like institutes, may not grant degrees. Research centers referred to here are separate from centers which would be classified as intradepartmental or intrainstitute.

(c) Facilities are entities in which the major emphasis is upon a single or a series of experimental techniques, research instrument, etc., which are likely to be utilized across departmental lines. Normally the facility will have a director who coordinates utilization of the resources of the facility. Facilities referred to here are separate from facilities which would be classified as intradepartmental or intrainstitute.

(2) Establishment of Organizations.

(a) A formal application will be made for the establishment of all three types of organizations. Such applications will set forth the aims of the proposed new organization and the means for functioning. Commitments of faculty effort and proposed sources of funding will be described. Applications will be submitted to the appropriate department chairman. After approval by appropriate departments, deans of schools or colleges, and provosts concerned, the application will be forwarded to the Provost for Graduate Studies and Research who in consultation with the Executive Vice President will normally forward it to the Graduate Research Council for recommendation. Final approval will be obtained as follows:

(b) In the case of centers and facilities, final approval is granted the Executive Vice President. In the case of institutes, the application is forwarded from the vice presidential level for approval by the Board of Governors. In general, there are three possible grounds for the establishment of new organizations. These grounds are as follows:

1. To encourage interdisciplinary research which bridges gaps left by departmental research;
2. To undertake a larger or broader research mission than can be administered feasibly by the department(s) concerned;
3. To provide better utilization of facilities and resources.

(c) In general, no new organization should be established simply on the basis of the availability of federal funding. No new organization should be established around a single "key" word likely to be of only temporary high priority in federal funding. While some researchers feel impelled to do research on important social problems, others do not. In any event, a research or service focus must be clearly kept

distinct from a political focus. There should be within the faculty a core of excellence already existing before the planning of an interdisciplinary research organization. This is a corollary of the need to avoid establishment simply because funds are available.

(3) Administration of Organizations.

(a) The higher level of administration for new organizations should be as follows:

1. Most institutes and centers should operate under a provost or dean of an appropriate school or college. If the facility, institute or center cuts across school and college lines, either a group of deans should be responsible, or a committee drawn from the appropriate colleges, or the organization placed under the supervision of a central University office such as the Provost for Graduate Studies and Research or the Executive Vice President.

2. Each institute, center, or facility which cuts across departmental lines should be supervised in some way by a board or advisory committee appointed by the appropriate level administrator and selected from nominees of the departments most affected by the research organization.

(b) The director of an institute, center, or facility will be appointed by the appropriate level administrator for a specified term from nominees provided by the governing board or supervisory committee of the research organization.

(4) Evaluation of Organizations.

In addition to the continuous kind of evaluation that is assumed to take place by the administrators of organizations, and by the final approval authority which established each organization, it is desired that evaluation become more formal than in the past. The Graduate Research Council and outside consultants could be called upon in many instances. When such formal evaluations show that an organization is no longer serving its original purpose, the authority for closing down an organization rests with the final approval authority which established the organization.

(5) Faculty Appointments.

While a research organization may take the initiative in recruitment of new faculty, and may provide some of the funds for faculty salaries, appointment of new faculty members is through departments only. Such persons must take an active part in their home departments only. Such persons must take an active part in their home departments so that other members of the department, especially the chairman, are well acquainted with their performance.

While nothing in this policy forbids the employment of research personnel on a staff basis for work in research organizations, it must be observed that faculty positions temporarily paid for by research funds must be backed up by regular faculty line positions.

(6) Renaming of Organizations.

In order to achieve and maintain the uniformity in meaning of the above definitions of organizations, any

existing organization designations which conflict with these definitions should be corrected to conform with these definitions. The highest level of administration now responsible for such organizations will have the responsibility for reviewing names of existing organizations and for initiating any necessary corrective action.

(7) Research Projects Involving Human Subjects.

The responsibility for administration of University policies to assure the welfare of human research subjects is assigned to the Provost, Graduate Studies and Research. University policy is mandated by the Board of Governors and the U.S. Department of Health, Education and Welfare. In this effort, the Provost, Graduate Studies and Research is assisted by a university-wide committee composed of representatives of the various schools and colleges. University policy requires prior approval of research protocols involving human subjects. Faculty members are requested to contact the Office of Graduate Studies and Research for detailed information and procedural guidelines.

(b) Procedures for Interpretation of Policy.

1. Determining the nature of educational materials. All materials which may belong to the University under the provisions of this policy shall be reported promptly in writing by the author-producer concerned through the appropriate department head and dean to the Provost for Graduate Studies and Research. The Provost for Graduate Studies and Research shall promptly advise the author or producer as to whether the material should be considered University-sponsored within the meaning of this policy. Such advisory opinions are subject to final clarification when production of the materials is completed. When other alleged violations of personal or property rights by the University, or by the author or producer of University-sponsored educational materials, the University may assume responsibility for the defense of any action and the satisfaction of any judgments rendered against the University, or the author or producer. However, the Provost for Graduate Studies and Research acting for the University, may request or require the author or producer to indemnify and hold harmless the University for all costs to which it has been subjected when the action for personal or property rights is based upon matters which should have been known or with reasonable care should have been discovered by the author or producer. Any judgment rendered against the University or the author or producer shall be satisfied first from net royalties received by the University and the author or producer.

(9) Radio Program Submissions for Distribution.

FSU-4.070 Guidelines for Disciplinary Action.

(1) Scope. This rule applies to all University Support Personnel System (USPS) employees of the University with regular status and Administrative and Professional (A&P) employees. The provisions of this rule are subject to applicable provisions of collective bargaining agreements. The disciplining of an employee is considered to be a very serious action that is undertaken with care, objectivity and full consideration for the rights and interest of both the employee and the University. Discipline shall be administered in a judicious manner that assures equitable treatment for all employees included in the University Support Personnel System and A&P Pay Plan.

(2) Progressive and Cumulative Discipline. Disciplinary actions described by this rule are based on the concepts of progressive and cumulative discipline. Progressive discipline is based on the idea that employees have been informed of the performance and behavior expected of them. As offenses occur appropriate discipline will be administered in a progressive manner. Penalties shall be appropriate to the circumstances of the offense. In prescribing disciplinary actions it is recognized that some offenses are so serious that suspension or dismissal may be warranted on the first occurrence even though the employee has no prior record of having been disciplined. All offenses can have a cumulative effect and offenses need not be identical to impose a penalty more severe than prescribed for a similar offense.

(3) Delegated Authority. The appropriate disciplinary action may be taken only by a supervisor who has been delegated authority from the University President. The level of delegation varies with the severity of the particular disciplinary action and is identified in the following table.

| Disciplinary Action | Authority Delegated to the |
|----------------------------------|--|
| Oral Reprimand | Immediate Supervisor |
| Written Reprimand | Immediate Supervisor with approval of next higher level Supervisor |
| Demotion and/or Reduction in Pay | Vice President or Designee |
| Suspension | Vice President or Designee |
| Dismissal | Vice President or Designee |

(4) Types of Disciplinary Action. The type of disciplinary action taken will depend upon the gravity of the employee's offense and the type of disciplinary action that has been taken in the past for similar offenses. Except in extraordinary situations, prior to the dismissal or suspension without pay of a regular employee, the University shall give the employee written notice as required in the University's Predetermination Procedures (7/98). The disciplinary proceedings shall proceed as set out in the University's Predetermination Procedures which are hereby adopted by reference. The following types of disciplinary actions may be imposed.

(a) Oral Reprimand. This is the least severe disciplinary action. The purpose of this action is to bring a problem to the attention of an employee. Where practical, the reprimand will be delivered in private and the supervisor will clearly state that the employee is receiving an oral reprimand. The supervisor will indicate the nature of the improper behavior, cite the work standard governing the situation and explain precisely what corrective action is expected. The employee shall also be informed that future similar behavior may result in more serious disciplinary action consistent with the guidelines herein. Two copies of a completed Oral Reprimand Record will document the meeting with the original filed in the employee's official personnel file and a copy given to the employee. The Oral Reprimand Record shall include the date, time and location at which the oral reprimand was delivered and indicate the nature of the reprimand.

(b) Written reprimand. This type of disciplinary action is issued for a more serious offense than one that warrants an oral reprimand. The purpose of a written reprimand is to help an employee recognize errors made and to correct them. The contents of the written reprimand will be concise and to the point. It will specifically state that the employee is receiving an official written reprimand, cite the specific performance or conduct standard that was violated, briefly note the specific incident prompting the discipline, indicate the corrective action expected and state that future violations may result in more severe disciplinary action consistent with the guidelines herein. The written reprimand shall be signed by the immediate supervisor and approved by the next higher level supervisor, with a signature line for the employee to acknowledge receipt. The completed written reprimand will be delivered to the employee in private, where practical. A copy of the completed reprimand shall be filed in the employee's official personnel file and a copy given to the employee.

(c) Demotion and/or Reduction in Base Pay. The disciplining authority shall consult with the appropriate Vice President and Human Resources prior to taking this type of action. The employee shall be provided written notice by personal delivery or certified mail, return receipt requested, prior to the action being taken with notification of the employee's appeal or negotiated contract provision rights and this notice shall become a part of the employee's official personnel record.

(d) Suspension and Dismissal. These actions are the most severe form of disciplinary action that may result from the commission of one offense or as the result of cumulative offenses. The disciplining authority shall consult with the appropriate Vice President and Human Resources prior to initiating these actions.

(5) Extraordinary Situations. When the retention of an employee is likely to result in damage to property or injury to any individual or would be detrimental to the best interest of the University, such employee will be suspended without pay or dismissed immediately, provided that written notice of such action is furnished to the employee. These procedures shall be invoked only when an extraordinary

situation exists and shall comply with the provisions of the University's Predetermination Procedures.

(6) Abuse of Alcohol. When an employee knows or suspects that he/she may have a drinking problem or be abusing alcohol, he/she should take advantage of the University's many available resources to aid in rehabilitation, including the Employee Assistance Program, the University Counseling Center and the Health Promotion Department of University Health Services. Similarly, when a supervisor knows or suspects that an employee under his/her supervision may have a drinking problem or be abusing alcohol, the supervisor should refer the employee to any or all of the available resources.

(7) Disciplinary Action. Included below are standards for the administration of disciplinary actions for various types of offenses. The disciplinary actions for the listed offenses have been established to assure that employees who commit offenses receive similar treatment in like circumstances. The suspension of an exempt employee shall be for no less than one workweek, unless required for a major safety violation. Within each level of occurrence a range may be provided to allow the supervisor flexibility in selecting appropriate discipline in order to take into consideration mitigating or aggravating circumstances.

(a) Absence Without Authorized Leave. This includes:

USPS employees with regular status and A&P employees may appeal or grieve any disciplinary action taken against them in accordance with this rule, or any applicable collective bargaining agreement. An employee who resigns from employment shall not have any rights of appeal. Both USPS employees and A&P employees may use the USPS and A&P Complaint Procedure in accordance with the USPS and A&P Complaint Procedure (7/98) and Form (7/98) which is hereby adopted by reference.

(9) USPS and A&P Arbitration Appeal Procedure.

USPS employees who have earned regular status in their current classification and A&P employees shall have the right to appeal to an arbitrator any suspension without pay, dismissal, layoff, demotion, job abandonment, transfer (greater than 50 miles), or reduction in pay, provided that the employee has not signed a statement indicating the action was voluntary. An employee whose position is classified to a lower class shall have the right to appeal only the reduction in pay, if any, which has occurred as a result of the demotion appointment.

(a) Request for Processing.

1. If an employee requests an arbitration, the employee shall, within 14 calendar days after the receipt of notice of the employment action from the University, file with the Director of Human Resources or designee a completed Arbitration Request Form-2013 which is hereby incorporated by reference.

2. Failure to file an Arbitration Request Form within the time limits prescribed shall be deemed a waiver of the right to arbitration. In the event of a question regarding timeliness, the date of first receipt by Human Resources shall be determinative.

3. After the Request for Arbitration has been received, the Director of Human Resources or designee will determine whether the request has been filed in accordance with the provisions of this section and shall notify the employee or his/her representative and immediate supervisor of this determination.

4. The Director of Human Resources or designee shall select an arbitrator on a rotational basis from an odd-numbered panel of at least three arbitrators maintained by Human Resources and shall notify the employee or his/her representative of the arbitrator selected. If the parties do not agree on the arbitrator selected, the selection shall be made by alternatively striking names from the panel. The right of first strike shall be determined by a coin toss. The employee will receive notice of the identity of the arbitrator selected and may request disqualification of the arbitrator based on cause within five calendar days of receipt of the notice. Cause is present when the arbitrator was chosen through corruption, fraud, or other undue means.

5. When an action is both appealable under this rule and grievable under a collective bargaining agreement, the employee shall have the option of using either procedure. The filing of the Arbitration

Request Form constitutes a waiver of any rights to review of the matter under an applicable collective bargaining agreement, Chapter 120, F.S., or any other review procedures. If the employee seeks a review of a matter in an alternative forum after requesting arbitration under this rule or fails to appear at the scheduled arbitration hearing, the University shall have no obligation to proceed further.

(b) Fees and Expenses.

1. All fees and expenses for the arbitrator will be paid by the University. However, when an employee is represented by an employee organization, the arbitrator's fees and expenses shall be paid by the party who fails to prevail in the arbitration or evenly split if the award sustains the appeal in part and denies it in part.

2. The party desiring a transcript of the arbitration proceedings shall provide written notice to the other party of its intention to have a transcript of the arbitration made at least one week prior to the date of the arbitration and shall be responsible for scheduling a reporter to record the proceedings. The party desiring the transcript shall be responsible for the appearance fee of the reporter and the cost of obtaining an original transcript. The requesting party shall provide the other party a photocopy of the transcript received from the reporter and deliver the photocopy to the other party within five calendar days after receiving the copy of the transcript from the reporter.

(c) The employee may self represent or be represented. If the employee elects to be represented, the employee must deliver or send to the Director of Human Resources or designee within five working days after filing a Request for Arbitration, a written statement indicating the name, address, telephone number and qualifications of the representative and confirming that the employee as well as the representative will be present during the arbitration hearing, and that the employee agrees to this representation.

(d) If the aggrieved employee participates during working hours in the arbitration, the employee's compensation will not be affected by the time spent at the arbitration hearing. The employee must notify the immediate supervisor seven days in advance of his/her anticipated absence. An employee will not be permitted to prepare the case during working hours.

(e) Hearing.

1. The arbitrator shall hold the hearing in Tallahassee, Florida, unless otherwise agreed by the parties. The hearing shall commence within 30 working days of the arbitrator's acceptance of selection, or as soon thereafter as practicable. Arbitration proceedings shall be conducted in accordance with this rule, supplemented by the current Labor Arbitration Rules published by the American Arbitration Association which are hereby incorporated by reference.

2. The arbitrator may subpoena witnesses and compel the production of documents pertinent to the appeal. All requests for subpoenas must be made to the arbitrator no later than 10 working days prior to the arbitration date and each party is responsible for providing its own witnesses and documents which it

wishes to present. The party requesting a subpoena or the production of documents from the arbitrator shall promptly provide the other party a copy of the request.

3. Within 60 calendar days, the arbitrator shall issue to the University and the employee a written order which may affirm, reverse, or alter the decision of the University.

Arbitration shall be confined solely to the application and/or interpretation of those provisions and limited to the matters in the Request for Arbitration Form submitted for arbitration. No statements of opinion or conclusions not essential to the determination of the matters submitted shall be permitted. The arbitrator shall not review managerial decisions, nor substitute his judgment for that of management, other than to ensure that such actions are in accordance with the applicable procedures under review. In the case of suspension without pay, dismissal, and reduction in pay taken as a disciplinary action, the arbitrator shall determine whether there is just cause for such action.

2. The burden of proof shall be on the employee in layoff, demotion, reduction in pay and transfer actions when not taken as a disciplinary action, and in job abandonment. The burden of proof shall be on the employer in suspension without pay, dismissal, demotion, and reductions in pay when taken as disciplinary actions.

3. The arbitrator's order and award may reinstate an employee, with or without back pay. The back pay award shall not exceed the amount of pay the employee would otherwise have earned at the employee's regular rate of pay and shall not be retroactive to a date earlier than the date of the occurrence of the event giving rise to the action at issue and in no event more than fourteen (14) calendar days prior to initiation of the arbitration request. In no situation will the award exceed the actual loss to the employee or provide attorney fees to either party.

4. Punitive damages are not permitted.

5. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix, or reduce the period of suspension, which order shall be binding on the University and employee concerned subject to the jurisdiction of the arbitrator.

6. The arbitrator may reduce a dismissal to a suspension for such time as the arbitrator may fix or reduce the period of suspension which order shall be binding on the University and employee concerned subject to the jurisdiction of the arbitrator.
